çThe game is similar to candy crush, except that inst
ead of candy, we have Harry Potter characters. The game is 🏧 structured
on levels, which have an increased level of difficulty as they are passed succe
ssfully. At each level, you will 🏧 have a limited time to solve it. You
will have to match at least 3 characters in the same row 🏧 to earn poi
nts. Try to solve the level as fast as possible so that in the end you make sure
🏧 that you manage to win it.çHere you will also meet boosters or special powers that you receive as
a gift 🏧 depending on how many characters you join in the same row. For
example, if you manage to unite five characters 🏧 in the same row, you
will receive extra points and extra time to continue the level and manage to co
llect 🏧 more coins. The game is suitable to be played with your friends
because they can also give you hints to 🏧 help you identify the matche
